

MIDWEST NATURAL GAS, INC.
GAS RATES

Dear Customer,

The Public Service Commission of Wisconsin (PSC) has approved an overall decrease in Midwest Natural Gas, Inc. (Midwest) natural gas rates of \$382,000, or 1.6 percent. The new natural gas rates, effective May 1, 2023, are necessary to offset changes in costs and to adjust for changes from the Tax Cuts and Jobs Act of 2017. Midwest's last gas natural gas rate change was January 1, 2009.

This notice contains a listing of new natural gas service rates authorized for all urban and rural territory served by Midwest. The energy charges are adjusted monthly with PSC approval to reflect the current cost of gas.

Residential Service: Available to all residential customers for the general use of natural gas.

Monthly Customer Charge:	\$11.50
Energy Charge (Summer Base Rate Per Therm)	\$.8009
(Winter Base Rate Per Therm)	\$.8797
