

**PUBLIC NOTICE TO ALL CUSTOMERS OF THE
MIDWEST NATURAL GAS, INC.**

Midwest Natural Gas, Inc. has filed an application with the Public Service Commission of Wisconsin (PSCW) to adjust gas rates. The increase is necessary to reflect changes in operating costs, capital improvements, and a need to review and adjust the rate tariff structure since the last rate case in 2023.

The requested increase in revenues is an overall increase above the utility's present revenues of \$2,110,000, or 9.26%. This request is detailed in the utility's gas rate application submitted to the PSCW on April 25, 2025. After review, Commission staff proposes an increase in rates of \$2,327,129, or 10.50%. The actual change to individual customers will vary with usage, class of service and the ultimate rates authorized by the Commission. If the application is approved by the PSCW as filed, the average residential customer using 648 therms of gas annually will see an increase of approximately \$6.65, or 11% per month. Changes of the monthly bills in other types of customers may vary from these averages.

A public hearing on the application has been scheduled for Tuesday, October 13, 2026, at 3:00 p.m. Parties and Commission staff appear by Zoom.
